

Dear PAAC members,

Friday, 28 December 2018

I would just like to ask you to remind the members of the public that we are a bin-free reserve and that rubbish should be taken with them. In the last few weeks, I have noticed that there was an alarming increase of littering at our reserve. I would suggest that when you bring the members of the public to the dunes, that you inform them on how things work at the reserve. Please assist us and let us make Atlantis dunes a clean and safe environment for everyone.

Kind regards

**Carl Brown**
